## 10 INDONESIA'S BUSINESS COMPETITIVE RATING IMPROVES

INDONESIA

**Indonesia climbed three places to rank 114th in the World Bank's Doing Business 2015, an annual report that measures business regulations and business competitiveness in 189 economies world-wide.**

▶ The report highlighted that Indonesia made starting a business easier by allowing the Ministry of Law and Human Rights to electronically issue the approval letter for the deed of establishment, a reform applying to both Jakarta and Surabaya

▶ Additionally, Indonesia made paying taxes less costly for companies by reducing employers' health insurance contribution rate, another reform applying to both Jakarta and Surabaya

▶ In Jakarta, the electricity company made getting electricity easier by eliminating the need for electrical contractors to obtain multiple certificates guaranteeing the safety of internal installations; it, however, also increased the cost by introducing a security deposit for new connections

▶ Finally, in both Jakarta and Surabaya, trading across borders became more difficult because of insufficient infrastructure at the Tanjung Priok Port Jakarta
